## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 102***

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claim 27 are rejected under 35 U.S.C. 102(b) as being anticipated by Bates, U. S. Patent 2002/0157896. Bates teaches a tag for a stethoscope comprising a central connector (aperture 74) adapted for connecting to the tubular portion 54 of the stethoscope, a nametag (outer surface 62) attached to and extending from the central connector. The nametag taught by Bates has a first surface for receiving a printed message 41. Bates also teaches an accessory holder 70 attached to the connector on a side opposite the nametag, wherein the accessory holder and the nametag are disposed on opposite sides of the central connector 74. (See figures 5-6).

### ***Allowable Subject Matter***

3. Claims 8-21 and 24-26 are allowed.

4. Claims 28-33 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

### ***Response to Arguments***

5. Applicant's arguments with respect to claim 26 have been considered but are moot in view of the new ground(s) of rejection.

***Conclusion***

6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
